Dear Mrs. Sylvia Stark:

I'd like to take this time to personally thank you for the great experience we have lived through. It is certainly an experience that I will cherish and remember forever. I also want to thank you for making this event so special and memorable for all of us. If it wasn't for dedicated people like you, pageant as such wouldn't be possible for young people like us. I know that it takes many hours of hard work and many sleepless nights worrying about every detail, but I must say that you do a wonderful job and I, nor my sister regret in any way having participated in the pageant. We can't put a money value on what we have learnt and experienced during our 8 days with Miss Teen Canada International.

When we arrived back home we had so many stories and experiences to share with all our family, friends and local media. We highly recommend and encourage others to apply at least and see where it takes them from there. Our local TV cable company wants to put the video of the pageant on our local community station so everyone can see the actual night. By the time we got home we already had emails from three past delegates. I also wanted to let you know that we didn't win the title but we are extremely glad for Lorraine and it was very deserving by her. The judges couldn't have picked a better person, they did a great job and made a great choice. Having her for a room mate for 8 days I feel very privileged. We shared many wonderful experiences and even a few secrets.

Natasha and I never thought in our wildest dreams that we would be treated so special like celebrities by everyone even our chaperones and security. They also were the best and we will not forget everything that they did for us while our stay in Toronto. They were our second moms and or our moms away from home. We also didn't expect all the gifts we received by all the sponsors, they were spectacular!

Now after such a superb experience we feel that we are better prepared and would like another chance at the title. We feel we have unfinished business. This gives us another year to better prepare because now we know what to expect and we also know better the requirements. I believe you will probably see our application in the near future for next year. Hoping to see you then. Once again thank you so much for everything you have done for us and for Miss Teen Canada International, it was very much appreciated.

Sincerely yours,

Jamarra, Natasha
